## **Red River Awarded Top Federal Growth Award for 2009 Ingram Micro Honors Red River at its Annual GovEd Alliance Invitational**

**Claremont, NH (December 4, 2009)** – Red River, an integrator of information technology solutions with expertise in the public sector and healthcare markets, announced today that it is the recipient of Ingram Micro’s 2009 Top Federal Growth Award. The award was presented at Ingram Micro’s annual GovEd Alliance Invitational event in Savannah, GA.

The Ingram Micro GovEd Alliance is comprised of more than 2,500 channel partners who focus more than fifty percent of their IT and managed services businesses on the public sector. Ingram Micro is the world’s largest technology distributor and is a vital link in the technology value chain. In addition to the Federal Growth Award, Red River was recently appointed to the GovEd Alliance Council, which provides leadership and insight to the public sector channel community and Ingram Micro.

Red River received the top growth award for achieving notable year-over-year growth, which was in part accomplished through the solution provider’s strong relationship with Ingram Micro and the GovEd Alliance community. Red River helps its clients integrate and optimize infrastructure systems to increase IT efficiency, simplify management and lower total cost of ownership.

Red River CEO Rick Bolduc thanked Ingram Micro for the award and stated, “Our relationship with Ingram Micro is a key factor in our ability to continue to meet and exceed the expectations of our customers. Our growth would not be possible without the high level of service and support we receive from Ingram Micro.”

“Red River is highly engaged with Ingram Micro and really understands the importance of leveraging your business partners to help better service and support your clients,” says Marty Battaglia, Senior Sales Director, VAR Sales, Ingram Micro U.S. “We are pleased to award Red River this honor and applaud their impressive year-over-year growth in the federal space.”

### **About Red River**
