

Storage on Demand Overview

Red River's flexible, scalable storage solution can maximize your investment and enhance efficiency.

Data storage is a constant balancing act for most organizations. Underestimate your needs and day-to-day performance can be severely hampered, but buying more capacity than actually required ties up valuable capital. Red River's Storage on Demand is the solution, by providing immediate access to extra storage capacity when you need it. Extra storage capacity means you can instantly cope with any unexpected increases in storage requirements pay for exactly what you need, when you need it.

As data capacity and compliance requirements increase exponentially, these can place tremendous strain on your storage, your staff and your budget. With Red River's Storage on Demand solution, you can:

Simplify Procurement: Storage on Demand provides storage solutions when you need them while reducing the procurement time and delivery process. Getting started is quick and easy while costs are low and predictable.

Improve Performance: With service level agreements, Storage on Demand allows you to respond quickly to the demands of departments and users. You can monitor your system with a single screen, giving you a real-time, holistic view of your system. And you can rest easy knowing you are protected by secure data, networks, and physical infrastructure.

Pay as You Go: Leverage operating expenses and reduce your capital expenditures, all while lowering overall costs through a flexible, usage-based payment model that allows you to expand as needed.

Eliminate Disruption: Our flexible system adapts to changing organizational and technological needs. Storage can be scaled within days instead of weeks or months. In case of emergencies or unplanned growth, immediate access to extra storage avoids the risk of disruption or downtime.

Ease Maintenance Burdens: We provide new, up-to-date technology that can work with your legacy infrastructure. We install, monitor and alert you to problems, troubleshoot, and provide maintenance to the equipment—saving you the headache of doing it yourself.

Innovate Options: You don't have to limit yourself to one vendor. With our expansive partner network, Red River gives you access leading-edge technologies and implement a wide array of storage solutions.

Free Up Staff Time: Storage on Demand helps relieve operations and maintenance burdens from your internal staff, allowing them to focus on meeting your mission-critical objectives and driving innovation for your organization.

Data storage today is not a one-size-fits-all proposition. With unmatched reliability, Red River's Storage on Demand provides agile and scalable solutions to support the needs of today's organizations—supplying the accessibility and availability you require.
