

RED RIVER CLOUD: AWS

Cloud can be complicated – we make it simple.

When looking for a cloud provider, organizations no longer need to choose between a general contractor or a specialist — instead, they can get the simplicity, predictability and reliability they need from Red River.

CAPABILITIES	AWS CREDENTIALS	AWS CERTIFICATIONS
<ul style="list-style-type: none"> • Cloud Assessments • Rehost (“lift and shift”) • Replatform (“lift, tinker and shift”) • Repurchase (“drop and shop”) • Storage • Infrastructure-as-a-Service (IaaS) • Infrastructure as Code • Platform-as-a-Service (PaaS) • DevOps • Disaster Recovery • Hybrid cloud networking • Government Cloud • Cloud Security 	<p>Our team has both the credentials and real-world experience to deliver on your cloud requirements.</p> <ul style="list-style-type: none"> • AWS Advanced Consulting Partner • AWS Managed Service Provider • AWS Government Competency • AWS GovCloud (US) Skill • AWS CloudFormation Skill • Amazon EC2 for Microsoft Windows Server • AWS Public Sector Partner Reseller • AWS Public Sector Solution Provider • AWS Solution Provider • Authorized Commercial Reseller 	<p>Across the organization Red River has more than 400 AWS accreditations and certifications, including:</p> <ul style="list-style-type: none"> • Certified Cloud Practitioners • Certified Cloud Solutions Architects • Certified Developers • Certified SysOps Administrators • Certified Advanced Networking Specialists • Certified Security Specialists • Business Professionals • Technical Professionals
